Experts In Finance

Part of our services is to know how to pre-qualify buyers to ensure the successful sale of your home.

We believe that "Knowledge Is Power" and having that knowledge gives you the tools to make the right decision.

Our agents can assist in determining what type of mortgage may be right for your personal situation and can refer top professionals in the financial field to assist in the mortgage process.

Marketing Plan

The key to our marketing plan is to maximize the exposure of your home to reach active and serious buyers.

Our plan begins with the Multiple Listing Service of Long Island,

OUR HOME IS YOUR HOME!!!

supported by signage, internet exposure, various methods of print media, open houses and much more!

We create a customized market plan for each home based on current industry trends, recent sales, local competition and your personal needs as a seller.

As a professional courtesy, the marketing plan will be reviewed and discussed with you to ensure that your home will be sold for the highest price on today's market and in the least amount of time required.
